REPORT OF THE DIRECTORS AND MANAGEMENT DISCUSSION & ANALYSIS

Your Directors hereby present their Annual Report, together with the audited accounts of the Company for the financial year ended 31st March, 2017.

1. PERFORMANCE OF THE COMPANY

1.1 Results

Your Company's performance for the year ended 31st March, 2017 is as follows:

	(₹ Millions)	
	2016-17	2015-16
Net Sales	8,043.19	7,801.94
Other Income	23.67	20.16
Total Income	8,066.86	7,822.10
Operating Expenses	7,433.38	7,252.80
PBDIT	633.48	569.30
Depreciation	172.24	160.12
Interest	45.48	53.28
Profit before Tax and exceptional item	415.76	355.90
Exceptional item	42.09	-
Profit Before Tax (PBT)	457.85	355.90
Taxes	168.28	122.31
Profit After Tax (PAT)	289.57	233.59

Net Sales for the year at ₹ 8,043.19 MM were 3% higher than Prior Year. This reflected a continued strong growth in the 3 core categories of Act II Ready to Cook Popcorn, Act II Nachoz and Sundrop Peanut Butter which increased revenues by 13% on a consolidated basis to reach a turnover of c Rs.150 crore. Sundrop Oils & Crystal Oils grew by 3% and 4% respectively while the Vending Business declined by 64%. Your Company continues to refine the business model for Ready to Eat Popcorn and Extruded Snacks which in addition to providing a platform for overall growth will also begin to be growth drivers in their own right with refinement of the model. Profit Before Tax & exceptional item increased by 17% driven by improved Gross Margin and lower Interest Costs, while Profit After Tax increased by 24% benefiting from a higher Profit Before Tax and Interest on Income Tax refund of ₹ 42.09 MM partially offset by an Income Tax disallowance pertaining to the period 2012-2015 increasing our Income Tax payout by ₹14.5 MM.

1.2 Key Indicators

	(₹ Millions)	
	2016-17	2015-16
Gross Margin (GM)	1,880.66	1,826.48
GM %	23.4%	23.4%
Advertising & Sales Promotion	412.76	426.50
A&P %	5.1%	5.5%

Gross Margin increased by 3% in line with the increase in Net Sales resulting in GM% steady at 23.4%. This reflects largely the impact of a steadily growing GM on the core drivers of Act II Ready to Cook Popcorn, Act II Nachoz and Sundrop Peanut Butter. The strong double digit growth in revenue in these categories reflects a working combination of continued distribution expansion, steady investments in media and a strong value proposition.

2. DIVIDEND

Given the continued strong performance of the Company, your Directors are pleased to recommend a Dividend of ₹ 2/- per equity share of the face value of ₹ 10/- each for the year ended 31st March, 2017 subject to the approval of the shareholders at the Annual General Meeting to be held on 26th July, 2017.

	(₹ Millions)	
	2016-17	2015-16
Profit after Tax	289.57	233.59
Profit brought forward from Previous year	2,275.56	2,041.97
Surplus available for Appropriation	2,565.13	2,275.56
Dividend paid at the rate of ₹ 2 /- each*	48.74	-
Dividend Distribution Tax	9.92	-
Forward to the following year	2,506.47	2,275.56

*Dividend related to FY 15-16 paid in current year. Also refer note no. 2.2 in notes to accounts.

3. RESPONSIBILITY STATEMENT

The Directors confirm that:

- (a) in the preparation of the annual accounts, the applicable accounting standards have been followed along with proper explanation relating to material departures;
- (b) they have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit and loss of the Company for that period;
- (c) they have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safe guarding the assets of the company and for preventing and detecting fraud and other irregularities;
- (d) they have prepared the annual accounts on a going concern basis;

Agro Tech Foods Limited

- (e) they have laid down internal financial controls to be followed by the Company and that such internal financial controls are adequate and were operating effectively; and
- (f) they have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

4. CORPORATE GOVERNANCE

In terms of the Listing Regulations, a report on Corporate Governance along with Auditors' Report on its compliance is annexed, forming part of the Annual Report.

Additionally, this contains compliance report signed by the CEO of the Company in connection with compliance with the Code of Conduct, and also CEO/CFO Certification as required by SEBI (Listing Obligations and Disclosure Requirements) 2015.

In line with the requirements of new Companies Act, 2013, your Company has constituted new Board Committees and has in place all the statutory Committees required under the law. Details of Board Committees along with their terms of reference, composition and meetings of the Board and Board Committees held during the year, are provided in the Corporate Governance Report.

5. MANAGEMENT DISCUSSION & ANALYSIS REPORT (MD&A)

Based on feedback from members on the Annual Report and Accounts, this report includes MD&A as appropriate so that duplication and overlap between the Directors' Report and a separate MD&A is avoided and the entire material is provided in a composite and comprehensive document.

6. INDUSTRY STRUCTURE & DEVELOPMENTS

A steadily improving outlook for business in India means that the Food industry as well is recovering from a sluggish phase into a phase of more steady and sustained growth. Your Company is well placed to capture a fair share of this growth having taken significant measures in the last few years in both manufacturing capacities and distribution expansion.

We expect to be able to continue to deliver strong growth and take advantage of the significant capital investments we have recently completed behind products with clear competitive advantage and "right to win".

7. OPPORTUNITIES AND THREATS

The Indian food industry is still at a nascent stage and we expect it to record solid growth rates for several years to come. This represents a significant opportunity for your Company given that we have already made balanced capital investments to develop a portfolio capable of delivering steady profitable growth.

In the FY'16 Director's Report we had commented on the continuing opportunity presented by digitization in today's world. We are happy to report therefore that in FY'17 we have seen continued growth in the digital space with our E commerce business growing by over 100% over the Prior Year and we will continue to work to leverage this opportunity.

In addition we also see a significant consumption opportunity presented by rising incomes at the bottom of the pyramid, which will initially provide your Company the feasibility of being a carrier to expand our town coverage and over time become a business in its' own right. This requires however, a cost structure which is extremely competitive besides having a diversified manufacturing footprint. To address this your Company has been steadily improving its' footprint and we are happy to report that in March 2017 we opened our fifth Foods facility in Mangaldai (Assam) which joins our four other Foods facilities in Kashipur (UK), Kothur (Telangana), Jhagadia (Gujarat) and Unnao (UP) in our effort to make possible high quality products at the lowest possible delivered cost to our customers.

8. STATE OF THE COMPANY'S AFFAIRS

In FY'17 Act II remained the fastest growing Snacks brand in the Modern Trade and Sundrop Peanut Butter the fastest growing Spread in the Spreads Category, enabling us to deliver strong growth in the Foods business of the Company.

Our strong and profitable position in both the Snacks and the Spreads categories means that we are well placed to seize growth opportunities in both of these categories with a portfolio which is profitable and meets emerging consumer needs.

In FY'16 your Company had increased its investment in Distribution Expansion to employ c 200 additional salesmen. The 200 additional Feet on Street were designed to provide a virtuous cycle of distribution expansion and as per plan enabled us to further increase coverage by an additional c 40,000 stores in FY'17.

As demonstrated by your Company's performance during the demonetization exercise, the share of wholesale in our business is still very low and our widening portfolio particularly at the bottom of the pyramid offers us the opportunity to strengthen our distribution network and gain scale in towns where our presence is currently limited to the top stores servicing the top SEC of the geography. Accordingly in FY'17 your Company also appointed 60 additional Feet on Street in select states for the wholesale channel, a move which is designed to strengthen our town coverage and will help to get scale at our plants, logistics and distribution network.

Agro Tech Foods Limited

Your Company will continue to leverage the investments made both in portfolio expansion & distribution expansion to drive growth in both the Snacks & the Spreads categories while maintaining a strong position in the Edible Oils category.

This will enable us to progress towards our goal of being amongst India's "Best Performing Most Respected Food Companies".

9. PRODUCT CATEGORIES

9.1 Snacks:

Steady and sustained media support together with continued Distribution Expansion enabled Act II to deliver double digit volume growth in FY'17 with an acceleration in growth of the strategic Instant Popcorn of c 400 basis points vs exit FY'16. Act II is now amongst the most diversified snack brands in Western Snacks. We will continue to support the brand with further innovation and brand extension to grow as rapidly as possible to our near term goal of making Act II a ₹ 500 crore brand.

As stated in our annual report for FY'16 we had commenced a selective entry into Indian Snacks with Sundrop Peanuts. As we gain a better understanding of this category we will be expanding the product range so that we can be a full scale Snacks player in the rapidly growing Snacks market in India.

In March 2017 our fifth plant commenced commercial production at Mangaldai in Assam. In FY'18 we will be stabilizing our operation at this plant while we commence construction of our 6th facility at Chittoor in Andhra Pradesh which will also be an effective sourcing point for both Tamil Nadu and Karnataka.

The commencement of production at Chittoor will bring us one step closer to our vision of a 7 plant national network leaving only the waiting for necessary regulatory approvals for construction of a plant near Kolkata.

9.2 Spreads:

In FY'17 our Peanut Butter business grew by 26% in Volume and 18% in Value. The successful launch of the large pack (924 gm) together with penetrative low cost sachet packs enabled us to capture our fair share of revenues of the fast growing Peanut Category driven by sustained media support.

Going forward we will continue to invest behind the Category through sustained media support, continued distribution expansion and additional innovation.

9.3 Edible Oils & Sprays:

In FY'17 we recorded a steady performance on Sundrop Edible Oils with a Volume Growth of 2% and a Value Growth of 3%. Crystal Oil which is sold largely

in the states of Andhra Pradesh and Telangana recorded a growth of 3% in Volume and 4% in Value. Your Company continues to support our flagship Sundrop Heart in this Category with adequate level of investments to ensure that our position in this category remains healthy and profitable while delivering the highest returns to our shareholders.

10. RESEARCH, QUALITY & INNOVATION (RQI)

Your Company continues to focus on innovation as a driver of growth. In FY'17 innovation included the launch of the unique Microwave Popcorn Tub which offers an in home experience similar to that of a cinema hall. FY'18 will see us continuing to drive innovation both on our existing products and on brand extensions.

11. CONSERVATION OF ENERGY, ABSORPTION, TECHNOLOGY, FOREIGN EXCHANGE AND EMPLOYEE PARTICULARS

A Statement giving details of conservation of energy, technology absorption and foreign exchange earnings and outgo in accordance with Rule 8(3) of the Companies (Accounts) Rules, 2014 is attached as annexure and forms part of this report.

12. HUMAN RESOURCES / INDUSTRIAL RELATIONS

The steady growth in the Foods business of the Company means that more jobs are being created both in Manufacturing and Sales. In FY'17 the total number of people associated with the Company either directly or indirectly increased to c 2500 persons as a consequence of continued growth in the business and resultant increase both in selling and manufacturing resources.

Your Company will continue to work to ensure that we have a highly engaged and productive organization to deliver against our vision of being amongst India's "Best Performing, Most Respected Foods Companies".

13. PARTICULARS OF EMPLOYEES

The information required under Section 197(12) of the Companies Act, 2013 read with Rule 5(2) of the Companies (Appointment and Remuneration of Managerial Personnel) Amendment Rules, 2016 thereunder in respect of the top ten employees in terms of remuneration drawn and employees who were in receipt of remuneration aggregating ₹1.02 crores or more or were employed for part of the year and were and in receipt of remuneration aggregating ₹8.50 lakhs per month or more during the financial year ending 31st March, 2017 is provided in the Annexure forming part of this Report.

Agro Tech Foods Limited

14. PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS

Loans, guarantees and investments covered under Section 186 of the Companies Act, 2013 form part of the notes to the financial statements provided in this Annual Report.

15. PARTICULARS OF CONTRACTS WITH RELATED PARTIES

All contracts or arrangements or transactions entered into by the Company during the financial year with related parties were in the ordinary course of business and on an arm's length basis. During the year, the Company had not entered into any contract or arrangement or transaction with related parties which could be considered material in accordance with the policy of the Company on materiality of related party transactions, Companies Act, 2013 and Listing Regulations.

The Policy on materiality of related party transactions and dealing with related party transactions as approved by the Board may be accessed on the Company's website : http://www.atfoods.com/templates/home_tpl/pdf/other_info/policy_dealing_related_party_transactions.pdf.

The related party disclosures form part of the financial statements provided in this Annual Report.

16. EMPLOYEE STOCK OPTION PLAN

The Company, vide special resolution in the Annual General Meeting of the Company held on 25th July 2012 had approved "Agro Tech Employee Stock Option Plan" ("Plan"). The Plan was further modified vide special resolution in the Annual General Meeting held on 24th July 2015 to align it with the provisions of SEBI (Share Based Employee Benefits) Regulations, 2014 ("SEBI Regulations") and other applicable provisions for the time being in force. The Plan is administered by Agro Tech ESOP Trust ("Trust") under the supervision of the Nomination and Remuneration Committee of the Board of Directors of the Company ("Committee"). The Plan is in compliance with the provisions of SEBI Regulations and there has been no material change in the Plan during the year. Further details of the Plan are available on the website of the Company at www.atfoods.com.

17. CORPORATE SOCIAL RESPONSIBILITY (CSR)

As a good corporate citizen responsible for the communities where we operate, your Company is involved in a CSR activity under the umbrella of Poshan. The program which is designed to address malnourishment amongst children, works with Government Anganwadi's and Child Malnourishment Treatment Centers using Peanut Butter which is a source of protein and highly effective to fight malnutrition. In FY'17 we increased the coverage of

the program to 12,554 children up from 10,700 children in the prior year. However, spending was lower at 1% due to higher efficiencies in the process and further expansion of the program awaiting necessary governmental approvals. On receipt of approvals we will be in a position to further expand this program and work towards the 2% guideline in the Companies Act, 2013.

As per the Companies Act, 2013, all Companies having net worth of ₹500 crore or more, or turnover of ₹1,000 crore or more or a net profit of ₹5 crore or more during any financial year will be required to constitute a CSR Committee of the Board of Directors comprising three or more directors, at least one of whom will be an Independent Director.

Aligning with the guidelines, the Company has constituted a CSR Committee comprising Lt. Gen. D B Singh as Chairman, Mr. Sanjaya Kulkarni, Mr. Narendra Ambwani, Mr. Arun Bewoor, Ms. Veena Gidwani, (Ms. Anna Biehn, Mr. Michael Walter and Mr. Javier Eduardo Alarcon Ruiz) @ (Mr. Steven Lee Harrison, Ms. Denise Lynn Dahl and Ms. Jill Rahman)* as its Members. The Committee is responsible for formulating and monitoring the CSR Policy of the Company. The CSR Policy of the Company, as approved by the Board of Directors is available on the Company's website: http://www.atfoods.com/templates/home_tpl/pdf/other_info/ATFL%20CSR%20POLICY.pdf. The program Poshan also received the 2014 South Asia Platinum SABRE Award for Corporate Social Responsibility.

@ Mr. Michael D Walterre signed as Member on 26th April, 2016, Mr. Javier Eduardo Alarcon Ruiz resigned as Member on 15th July, 2016 and Ms. Anna Biehn resigned as Member on 30th December, 2016.

INDEPENDENT AUDITORS' REPORT ON THE STANDALONE FINANCIAL STATEMENTS TO THE MEMBERS OF AGRO TECH FOODS LIMITED

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of Agro Tech Foods Limited ('the Company'), which comprise the Balance Sheet as at 31 March 2017, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (collectively referred to as the 'standalone financial statements').

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the Audit Report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2017, and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section 11 of Section 143 of Act, and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the 'Annexure A' a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE- A TO THE INDEPENDENT AUDITORS' REPORT ON THE STANDALONE FINANCIAL STATEMENTS

The Annexure-A referred to in the Independent Auditor's Report of even date, on the standalone financial statements, to the Members of Agro Tech Foods Limited ('the Company') for the year ended 31 March 2017. We report that:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets;
- (b) The Company has a regular program of physical verification of its fixed assets by which all fixed assets are verified every year. In our opinion, the periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noted on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties, as disclosed in Note 2.9 on fixed assets to the standalone financial statements, are held in the name of the Company.
- (ii) The inventories, except goods-in-transit, have been physically verified by the Management during the year. In our opinion, the frequency of such verification is reasonable. The discrepancies noticed on verification between the physical stocks and the book records were not material.
- (iii) The Company has not granted any loans, secured or unsecured, to Companies, Firms, Limited Liability Partnerships or other parties covered in the Register maintained under Section 189 of the Companies Act, 2013 ('the Act'). Accordingly, paragraph 3(iii) of the Order is not applicable to the Company.
- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 186 of the Act, with respect to the investments made. The Company has not granted any loans, or provided any guarantees or security to the parties covered under Section 185 and 186 of the Act.

(v) The Company has not accepted any deposits from the public in accordance with the provisions of Section 73 to 76 of the Act and Rules framed thereunder. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.

(vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules prescribed by the Central Government of India for maintenance of cost records under sub-section (1) of Section 148 of the Act and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the records.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including Provident fund, Employees' state insurance, Income-tax, Sales-tax, Service tax, Duty of customs, Duty of excise, Value added tax, Cess and other material statutory dues have been generally regularly deposited during the year by the Company with the appropriate authorities though there has been a slight delay in a few cases.

According to the information and explanations given to us, no undisputed amounts payable in respect of Provident fund, Employees' state insurance, Income-tax, Sales-tax, Service tax, Duty of customs, Duty of excise, Value added tax, Cess and other material statutory dues were in arrears as at 31 March 2017 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us, the following dues of Income tax, Sales tax, Service tax, Duty of custom, Duty of excise, Value added tax and Entry tax have not been deposited by the Company on account of disputes:

ANNEXURE- B TO THE INDEPENDENT AUDITORS' REPORT ON THE STANDALONE FINANCIAL STATEMENTS

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of Agro Tech Foods Limited ('the Company') as of 31 March 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, those issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal

financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also,

Agro Tech Foods Limited

ANNEXURE- B TO THE INDEPENDENT AUDITORS' REPORT ON THE STANDALONE FINANCIAL STATEMENTS (Continued)

projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material

respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

1. STATEMENT ON SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PREPARATION OF ACCOUNTS

The financial statements of Agro Tech Foods Limited have been prepared and presented in accordance with Generally Accepted Accounting Principles (GAAP) in India under the historical cost convention on the accrual basis. GAAP comprises accounting standards prescribed under Section 133 of the Companies Act, 2013 ('the Act') read with Rule 7 of the Companies (Accounts) Rules, 2014, other pronouncements of Institute of Chartered Accountants of India and the relevant provisions of the Act.

USE OF ESTIMATES

The preparation of financial statements in conformity with (GAAP) requires Management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

CURRENT and NON-CURRENT CLASSIFICATION

All assets and liabilities are classified into current and non-current.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- a. it is expected to be realised in, or is intended for sale or consumption in the Company's normal operating cycle;
- b. it is held primarily for the purpose of being traded;
- c. it is expected to be realised within 12 months after the reporting date; or
- d. it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Apart from the above, current assets also include the current portion of non-current financial assets. All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- a. it is expected to be settled in the Company's normal operating cycle;
- b. it is held primarily for the purpose of being traded;
- c. it is due to be settled within 12 months after the reporting date; or

- d. the company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counter party, result in its settlement by the issue of equity instruments do not affect its classification.

Apart from the above, current liabilities also include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

Operating cycle

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents.

REVENUE RECOGNITION

Revenue from sale of goods is recognised when significant risks and rewards in respect of ownership of products are transferred to customers and no significant uncertainty exist regarding the amount of the consideration that will be derived from the sale of the goods. Sales are stated net off sales returns, trade discounts, sales tax, value added tax and excise duty. Sales are recognised when goods are dispatched or as per the terms of contract.

Income from interest on deposits, loans and interest bearing securities is recognised on the time proportionate method.

FIXED ASSETS AND DEPRECIATION

Fixed assets are carried at cost of acquisition less accumulated depreciation and accumulated impairment loss, if any. Fixed assets are accounted for at cost of acquisition or construction inclusive of inward freight, duties, taxes and directly attributable costs of bringing the asset to its working condition for its intended use. Subsequent expenditures related to an item of fixed asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

Advances paid towards the acquisition of fixed assets outstanding at each balance sheet date are shown as capital advances under long-term loans and advances and assets under installation or under construction as at the balance sheet date are shown as capital work-in-progress under fixed assets.

Depreciation on tangible assets is provided on the straight-line method over the useful lives of assets estimated by the Management. Depreciation for assets purchased/ sold during the year is proportionately charged. The Management estimates the useful lives for the other fixed assets as follows:

Agro Tech Foods Limited

1. STATEMENT ON SIGNIFICANT ACCOUNTING POLICIES (continued)

S. No	Nature of Assets	Useful Life
I	Buildings	
(a)	Buildings (other than factory buildings) other than RCC Frame Structure	30 Years
(b)	Factory buildings	30 Years
(c)	Fences, wells, tube wells	5 Years
II	Roads	
(a)	Carpeted Roads-RCC	10 Years
III	Plant and Machinery	
(a)	Plant and Machinery other than continuous process plant	15 Years
IV	Furniture and fittings	10 Years
V	Motor Vehicles	
(a)	Motor buses, motor lorries and motor cars	5 Years
VI	Office equipment	5 Years
VII (a)	Computers and data processing units	
	Servers and networks	5 Years
(b)	End user devices, such as, desktops, laptops, etc	2 to 3 Years
VIII	Laboratory equipment	10 Years
IX	Electrical Installations and Equipment	10 Years

For the following class of assets based on internal assessment and technical evaluation carried out wherever necessary, the Management believes that the useful lives as given above represent the period over which Management expects to use these assets. Hence the useful lives for the below assets are different from the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013.

- Server and network – 5 Years
- Handsets – 2 Years
- Vehicles- 5 years
- Assets given to employees under a scheme- 5 years

Depreciation and amortisation methods, useful lives and residual values are reviewed periodically, including at each financial year end.

Leasehold assets are amortised over a period of the lease or useful life of asset whichever is lower.

INTANGIBLE ASSETS AND AMORTISATION

Brands and computer software acquired by the Company, the value of which is not expected to diminish in the foreseeable future, are capitalised and recorded in the balance sheet as trademarks and computer software at cost of acquisition less accumulated amortisation. These are being amortised on straight-line method over the estimated useful life as mentioned below. Useful life of brands are determined by persuasive evidences of expected usage contributing towards the performance and significant expenditure incurred to sustain the useful life of brands. Recoverable value of such brands are assessed in each financial year.

The amortisation rates are as follows:

- Brands 40 years
- Computer Software 5 to 10 years

New licenses of software including their installation costs are charged off over 10 years and the balance software including their installation costs are charged off over 5 years.

IMPAIRMENT OF ASSETS

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the cash-generating unit to which the asset belongs. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, impairment provision is created to bring down the carrying value to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the impairment provision created earlier is reversed to bring it at the recoverable amount subject to a maximum of depreciated historical cost.

INVESTMENTS

Investments that are readily realisable and intended to be held for not more than a year from the date of acquisition are classified as current investments. All other investments are classified as long-term investments. However, that part of long-term investments which is expected to be realised within 12 months after the reporting date is also presented under 'current investments' as "current portion of long-term investments" in consonance with the current/non-current classification scheme of Schedule III of the Companies Act, 2013.

Current investments are stated at the lower of cost and fair value. Long-term investments are stated at cost. A provision for diminution is made to recognise a decline, other than temporary, in the value of long-term investments. Any reductions in the carrying amount and any reversals of such reductions are charged or credited to the statement of profit and loss.

Agro Tech Foods Limited

1. STATEMENT ON SIGNIFICANT ACCOUNTING POLICIES (continued)

INVENTORIES

Inventories are valued at lower of weighted average cost and estimated net realisable value after providing for cost of obsolescence, where necessary. Cost of inventories comprises cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. In the case of finished goods, cost comprises material, labour and applicable overhead expenses and duties including excise duty paid/payable thereon.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

The comparison of cost and net realisable value is made on an item-by-item basis.

Goods in transit / with third parties and at godowns are valued at cost which represents the costs incurred upto the stage at which the goods are in transit / with third parties and at godowns.

FOREIGN EXCHANGE CONVERSION

The transactions in foreign currency are accounted for at a standard exchange rate of the month in which the transactions take place. Exchange differences arising on foreign currency transactions settled during the year are recognised in the statement of profit and loss.

Monetary assets and liabilities denominated in foreign currencies as at the balance sheet date, not covered by forward exchange contracts, are translated at year end rates. The resultant exchange differences are recognised in the statement of profit and loss. Non-monetary assets are recorded at a standard exchange rate of the month in which the transactions take place.

In respect of forward contracts, the differences between contracted exchange rates and monthly standard exchange rates are recognised as income or expense over the life of the contracts.

EMPLOYEE BENEFITS

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and ex-gratia. The undiscounted amount of short-term employee benefits to be paid in exchange for employee services is recognised as an expense as the related service is rendered by employees.

Gratuity which is defined benefit plan, is accrued based on an actuarial valuation using the projected unit credit method at the balance sheet date.

Provident Fund, wherein Company provides the guarantees of a specified return on contribution are considered as defined benefit plans and are accrued based on an actuarial valuation using the projected unit credit method at the balance sheet date.

The employees can carry-forward a portion of the unutilised accrued compensated absences and utilise it in future service periods or receive cash compensation on termination of employment. Since the compensated absences do not fall due wholly within twelve months after the end of the period in which the employees render the related service and are also not expected to be utilised wholly within twelve months after the end of such period, the benefit is classified as a long-term employee benefit. The Company records an obligation for such compensated absences in the period in which the employee renders the services that increase this entitlement. The obligation is measured on the basis of independent actuarial valuation using the projected unit credit method.

All actuarial gains and losses arising during the year are recognised in the statement of profit and loss of the year.

EMPLOYEE STOCK OPTION SCHEME

Stock options granted to the employees under the stock option scheme are evaluated as per the accounting treatment prescribed by Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 issued by the Securities and Exchange Board of India. Accordingly, the excess of purchase price of the shares purchased by the ESOP Trust of the Company over the exercise price of the options is recognised as employee compensation in the statement of profit and loss.

LEASES

Leases that do not transfer substantially all the risks and rewards of ownership are classified as operating leases and recorded as expense in statement of profit and loss on a straight line basis.

EARNINGS PER SHARE

Basic earnings per share ("EPS") is computed by dividing the net profit after tax for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

Agro Tech Foods Limited

1. STATEMENT ON SIGNIFICANT ACCOUNTING POLICIES (continued)

For the purpose of calculating diluted earnings per share, net profit after tax for the year and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the year, unless they have been issued at a later date.

INCOME-TAX EXPENSE

Income tax expense comprises current tax and deferred tax charge or credit. Income-tax expense is recognised in the statement of profit and loss.

Current tax

The current charge for income taxes is calculated in accordance with the relevant tax regulations applicable to the Company.

Deferred tax

Deferred tax charge or credit reflects the tax effects of timing differences between accounting income and taxable income for the period. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantially enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future. Deferred tax assets are reviewed at each balance sheet date and are written-down or written-up to reflect the amount that is reasonably certain to be realised. The break-up of the major components of the deferred tax assets and liabilities as at balance sheet date has been arrived at after setting off deferred tax assets and liabilities where the Company has a legally enforceable right to set-off assets against liabilities and where such assets and liabilities relate to taxes on income levied by the same governing taxation laws.

Minimum Alternate Tax (MAT) credit entitlement

Minimum Alternative Tax ('MAT') under the provisions of the Income-tax Act, 1961 is recognised as current tax in the statement of profit and loss. The credit available under the Act in respect of MAT paid is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the year for which the MAT credit can be carried forward for set-off against the normal tax liability. MAT credit recognised as an asset is reviewed at each balance sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

PROVISIONS AND CONTINGENT LIABILITIES

The Company creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. Provisions are recognised at the best estimate of the expenditure required to settle the present obligation at the balance sheet date. The provisions are measured on an undiscounted basis. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

CASH FLOW STATEMENT

Cash flows are reported using the indirect method, whereby excess of income over expenditure before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the Company are segregated.

a. Rights, preferences and restrictions attached to equity shares

The Company has a single class of equity shares. Accordingly, all equity shares rank equally with regard to dividends and share in the Company's residual assets. The equity shares are entitled to receive dividend as declared from time to time. The voting rights of an equity shareholder on a poll (not on show of hands) are in proportion to its share of the paid-up equity capital of the Company. Voting rights cannot be exercised in respect of shares on which any call or other sums presently payable have not been paid. Failure to pay any amount called up on shares may lead to forfeiture of the shares. On winding up of the Company, the holders of equity shares will be entitled to receive the residual assets of the company, remaining after distribution of all preferential amounts in proportion to the number of equity shares held.

The Company instituted the 'Agro Tech Foods Limited Employee Stock Option Plan' ("Plan") to grant equity-based incentives to its eligible employees. The Company has established a trust called the 'Agro Tech ESOP Trust' ("Trust") to implement the Plan.

Under the Plan a maximum of 2,436,926 (previous year : 2,436,926) options will be granted to the eligible employees. All these options are planned to be settled in equity/cashless at the time of exercise. These options have an exercise price of ₹ 561.00, ₹ 597.55 and ₹ 589.75 per share granted during the years ended 31 March 2014, 31 March 2015 and 31 Mar 2016 respectively and vest on a graded basis as follows:

Vesting period from the grant date	Vesting schedule
On completion of 12 months	25%
On completion of 24 months	25%
On completion of 36 months	25%
On completion of 48 months	25%

Stock option activity under the Plan was as follows:

Particulars	For the year ended 31 March 2017	For the year ended 31 March 2016

ANNEXURE- A TO THE INDEPENDENT AUDITORS' REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2017, we have audited the internal financial controls over financial reporting of Agro Tech Foods Limited ('the Holding Company' or 'the Company') and its Subsidiary Company, which is incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its Subsidiary Company, which is Company incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, those issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Agro Tech Foods Limited

ANNEXURE-A TO THE INDEPENDENT AUDITORS' REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

1. STATEMENT ON SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PREPARATION OF ACCOUNTS

The consolidated financial statements of Agro Tech Foods Limited ('the Company') and its subsidiaries (collectively referred to as 'the Group') have been prepared and presented in accordance with Generally Accepted Accounting Principles (GAAP) in India under the historical cost convention on the accrual basis. GAAP comprises Accounting Standards prescribed under Section 133 of the Companies Act, 2013 ('the Act') read with Rule 7 of the Companies (Accounts) Rules, 2014, other pronouncements of Institute of Chartered Accountants of India, the relevant provisions of the Act. The consolidated financial statements are presented in Indian rupees rounded off to the nearest million.

USE OF ESTIMATES

The preparation of consolidated financial statements in conformity with (GAAP) requires management to make estimates and assumptions that affect the application of the accounting policies, reported amounts of assets and liabilities and the disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

PRINCIPLES OF CONSOLIDATION

The consolidated financial statements include the financial statements of Agro Tech Foods Limited, the parent company and its subsidiaries, in which the Company has more than one-half of the voting power of an enterprise.

Financial Statements of the subsidiaries company are consolidated on line-by-line basis by adding together like items of assets, liabilities, income and expenses. Any significant inter group balances and transactions, and any unrealised gains from inter-group transactions, are eliminated in preparing the consolidated financial statements. Exchange differences resulting from the difference due to transactions of foreign currency assets and liabilities in subsidiary company is disclosed as foreign currency translation adjustment.

Consolidated Financial Statements are prepared by applying accounting policies, as followed by the Company and its subsidiaries, to the extent it is practicable. Significant differences in the accounting policies, if any, are appropriately disclosed by way of Notes to the Consolidated Financial Statements.

CURRENT and NON-CURRENT CLASSIFICATION

All assets and liabilities are classified into current and non-current.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- a. it is expected to be realised in, or is intended for sale or consumption in the Company's normal operating cycle;
- b. it is held primarily for the purpose of being traded;
- c. it is expected to be realised within 12 months after the reporting date; or
- d. it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Apart from the above, current assets also include the current portion of non-current financial assets. All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- a. it is expected to be settled in the Company's normal operating cycle;
- b. it is held primarily for the purpose of being traded;
- c. it is due to be settled within 12 months after the reporting date; or
- d. the company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Apart from the above, current liabilities also include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

Operating cycle

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents.

REVENUE RECOGNITION

Revenue from sale of goods is recognised when significant risks and rewards in respect of ownership of products are transferred to customers and no significant uncertainty exist regarding the amount of the consideration that will be derived from the sale of the goods. Sales are stated net off sales returns, trade discounts, sales tax, value added tax and

Agro Tech Foods Limited

1. STATEMENT ON SIGNIFICANT ACCOUNTING POLICIES (continued)

excise duty. Sales are recognised when goods are dispatched or as per the terms of contract.

Income from interest on deposits, loans and interest bearing securities is recognised on the time proportionate method.

FIXED ASSETS AND DEPRECIATION

Fixed assets are carried at cost of acquisition less accumulated depreciation and accumulated impairment loss, if any. Fixed assets are accounted for at cost of acquisition or construction inclusive of inward freight, duties, taxes and directly attributable costs of bringing the asset to its working condition for its intended use. Subsequent expenditures related to an item of fixed asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

Advances paid towards the acquisition of fixed assets outstanding at each balance sheet date are shown as capital advances under long-term loans and advances and assets under installation or under construction as at the balance sheet date are shown as capital work-in-progress under fixed assets.

Depreciation on tangible assets is provided on the straight-line method over the useful lives of assets estimated by the Management. Depreciation for assets purchased / sold during the year is proportionately charged. The Management estimates the useful lives for the other fixed assets as follows: :

S. No	Nature of Assets	Useful Life
I	Buildings	
(a)	Buildings (other than factory buildings) other than RCC Frame Structure	30 Years
(b)	Factory buildings	30 Years
(c)	Fences, wells, tube wells	5 Years
II	Roads	
(a)	Carpeted Roads-RCC	10 Years
III	Plant and Machinery	
(a)	Plant and Machinery other than continuous process plant	15 Years
IV	Furniture and fittings	10 Years
V	Motor Vehicles	
(a)	Motor buses, motor lorries and motor cars	5 Years
VI	Office equipment	5 Years
VII (a)	Computers and data processing units	
	Servers and networks	5 Years
(b)	End user devices, such as, desktops, laptops, etc	2 to 3 Years
VIII	Laboratory equipment	10 Years
IX	Electrical Installations and Equipment	10 Years

For the following class of assets based on internal assessment and technical evaluation carried out wherever necessary, the Management believes that the useful lives as given above represent the period over which Management expects to use these assets. Hence the useful lives for the below assets are different from the useful lives as prescribed under Part C of Schedule II of the Companies Act 2013.

- Server and network – 5 Years
- Handsets – 2 Years
- Vehicles - 5 years
- Assets given to employees under a scheme- 5 years

Depreciation and amortisation methods, useful lives and residual values are reviewed periodically, including at each financial year end.

Leasehold assets are amortised over period of the lease or useful life of asset whichever is lower.

INTANGIBLE ASSETS AND AMORTISATION

Brands and computer software acquired by the Company, the value of which is not expected to diminish in the foreseeable future, are capitalised and recorded in the balance sheet as trademarks and computer software at cost of acquisition less accumulated amortisation. These are being amortised on straight-line method over the estimated useful life as mentioned below. Useful life of brands are determined by persuasive evidences of expected usage contributing towards the performance and significant expenditure incurred to sustain the useful life of brands. Recoverable value of such brands are assessed in each financial year.

The amortisation rates are as follows:

- Brands 40 years
- Computer Software 5 to 10 years

New licenses of software including their installation costs are charged off over 10 years and the balance software including their installation costs are charged off over 5 years.

IMPAIRMENT OF ASSETS

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the cash-generating unit to which the asset belongs. If such recoverable amount of the asset or the recoverable amount of the cash generating unit

Agro Tech Foods Limited

1. STATEMENT ON SIGNIFICANT ACCOUNTING POLICIES (continued)

to which the asset belongs is less than its carrying amount, impairment provision is created to bring down the carrying value to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the impairment provision created earlier is reversed to bring it at the recoverable amount subject to a maximum of depreciated historical cost.

INVESTMENTS

Investments that are readily realisable and intended to be held for not more than a year from the date of acquisition are classified as current investments. All other investments are classified as long-term investments. However, that part of long-term investments which is expected to be realised within 12 months after the reporting date is also presented under 'current investments' as "current portion of long-term investments" in consonance with the current/non-current classification scheme of Schedule III of the Companies Act, 2013.

Current investments are stated at the lower of cost and fair value. Long-term investments are stated at cost. A provision for diminution is made to recognise a decline, other than temporary, in the value of long-term investments. Any reductions in the carrying amount and any reversals of such reductions are charged or credited to the statement of profit and loss.

INVENTORIES

Inventories are valued at lower of weighted average cost and estimated net realisable value after providing for cost of obsolescence, where necessary. Cost of inventories comprises cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. In the case of finished goods, cost comprises material, labour and applicable overhead expenses and duties including excise duty paid/payable thereon.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

The comparison of cost and net realisable value is made on an item-by-item basis.

Goods in transit / with third parties and at godowns are valued at cost which represents the costs incurred upto the stage at which the goods are in transit / with third parties and at godowns.

FOREIGN EXCHANGE CONVERSION

The transactions in foreign currency are accounted for at a standard exchange rate of the month in which the transactions take place. Exchange differences arising on foreign currency transactions settled during the year are recognised in the statement of profit and loss.

Monetary assets and liabilities denominated in foreign currencies as at the balance sheet date, not covered by forward exchange contracts, are translated at year end rates. The resultant exchange differences are recognised in the statement of profit and loss. Non-monetary assets are recorded at a standard exchange rate of the month in which the transactions take place.

In respect of forward contracts, the differences between contracted exchange rates and monthly standard exchange rates are recognised as income or expense over the life of the contracts.

EMPLOYEE BENEFITS

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and ex-gratia. The undiscounted amount of short-term employee benefits to be paid in exchange for employee services is recognised as an expense as the related service is rendered by employees.

Gratuity which is defined benefit plan, is accrued based on an actuarial valuation using the projected unit credit method at the balance sheet date.

Provident Fund, wherein Company provides the guarantees of a specified return on contribution are considered as defined benefit plans and are accrued based on an actuarial valuation using the projected unit credit method at the balance sheet date.

The employees can carry-forward a portion of the unutilised accrued compensated absences and utilise it in future service periods or receive cash compensation on termination of employment. Since the compensated absences do not fall due wholly within twelve months after the end of the period in which the employees render the related service and are also not expected to be utilised wholly within twelve months after the end of such period, the benefit is classified as a long-term employee benefit. The Company records an obligation for such compensated absences in the period in which the employee renders the services that increase this entitlement. The obligation is measured on the basis

Agro Tech Foods Limited

1. STATEMENT ON SIGNIFICANT ACCOUNTING POLICIES (continued)

of independent actuarial valuation using the projected unit credit method.

All actuarial gains and losses arising during the year are recognised in the statement of profit and loss of the year.

EMPLOYEE STOCK OPTION SCHEME

Stock options granted to the employees under the stock option scheme are evaluated as per the accounting treatment prescribed by Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 issued by the Securities and Exchange Board of India. Accordingly, the excess of purchase price of the shares purchased by the ESOP Trust of the Company over the exercise price of the options is recognised as employee compensation in the statement of profit and loss.

LEASES

Leases that do not transfer substantially all the risks and rewards of ownership are classified as operating leases and recorded as expense in statement of profit and loss on a straight line basis.

EARNINGS PER SHARE

Basic earnings per share ("EPS") is computed by dividing the net profit after tax for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, net profit after tax for the year and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the year, unless they have been issued at a later date.

INCOME-TAX EXPENSE

Income tax expense comprises current tax and deferred tax charge or credit. Income-tax expense is recognised in the statement of profit and loss.

Current tax

The current charge for income taxes is calculated in accordance with the relevant tax regulations applicable to the Company.

Deferred tax

Deferred tax charge or credit reflects the tax effects of timing differences between accounting income and taxable income for the period. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates

that have been enacted or substantially enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future. Deferred tax assets are reviewed at each balance sheet date and are written-down or written-up to reflect the amount that is reasonably certain to be realised. The break-up of the major components of the deferred tax assets and liabilities as at balance sheet date has been arrived at after setting off deferred tax assets and liabilities where the Company has a legally enforceable right to set-off assets against liabilities and where such assets and liabilities relate to taxes on income levied by the same governing taxation laws.

Minimum Alternate Tax (MAT) credit entitlement

Minimum Alternative Tax ('MAT') under the provisions of the Income-tax Act, 1961 is recognised as current tax in the statement of profit and loss. The credit available under the Act in respect of MAT paid is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the year for which the MAT credit can be carried forward for set-off against the normal tax liability. MAT credit recognised as an asset is reviewed at each balance sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

PROVISIONS AND CONTINGENT LIABILITIES

The Company creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. Provisions are recognised at the best estimate of the expenditure required to settle the present obligation at the balance sheet date. The provisions are measured on an undiscounted basis. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

CASH FLOW STATEMENT

Cash flows are reported using the indirect method, whereby excess of income over expenditure before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the Company are segregated.

a. Rights, preferences and restrictions attached to equity shares

The Company has a single class of equity shares. Accordingly, all equity shares rank equally with regard to dividends and share in the Company's residual assets. The equity shares are entitled to receive dividend as declared from time to time. The voting rights of an equity shareholder on a poll (not on show of hands) are in proportion to its share of the paid-up equity capital of the Company. Voting rights cannot be exercised in respect of shares on which any call or other sums presently payable have not been paid. Failure to pay any amount called up on shares may lead to forfeiture of the shares. On winding up of the Company, the holders of equity shares will be entitled to receive the residual assets of the Company, remaining after distribution of all preferential amounts in proportion to the number of equity shares held.

The Company follows the intrinsic value method to calculate employee compensation cost. There is no material charge to the statement of profit and loss as the exercise price of the shares is greater than or equal to the market value of the shares. Amount recoverable from employee stock option trust disclosed in the balance sheet represents balance recoverable from the trust on account of the shares purchased and held by the trust.

Proforma disclosure

In accordance with Securities Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999, had the compensation cost for Stock Option plans been recognised based on the fair value at the date of grant in accordance with Black Scholes model, the proforma amounts of the Company's net profit and earnings per share would have been as follows:

Particulars	For the year ended 31 March 2017	For the year ended 31 March 2016
Profit after tax		
- As reported	293.10	231.91
- Proforma	280.18	197.93
